

14 June 2016

To Whom It May Concern,

Belinda Schmidt has offered her services to Fernwood Mornington for over three years now to a number of employees' and we will continue to use her service.

The service she has provided is Level 1 First Aid and CPR training.

Belinda has provided a service that is professional, educational and informative. Presenting and sharing the required knowledge to equip participants in delivering First Aid and CPR to patients if required. She has up skilled candidates to feel confident in providing care if required.

The staff at Fernwood have always found Belinda to be friendly, helpfully and knowledgeable, and we will continue to use her services as our regular staff trainer.

If you have any further queries please do not hesitate to contact me

RE: LETTER OF REFERENCE – BELINDA SCHMIDT

Belinda has offered her services to our company MiLife - Victoria for over two years now to over 50 employees' and we will continue to use her services in the future. The service she has provided us is to train & upskill our staff in Level 1 First Aid and CPR training.

Belinda's experience and ability to relate to our staff has been exceptional. She is able to create a learning environment that includes all attendees and ensures that staff are trained to an extremely high standard. Feedback from staff has been fantastic, both with her quality of training but also her knowledge and experience within the topics of the Course.

Yours faithfully,

Amanda Polinelli
Recruitment & Training Coordinator
